

Electrical Part for Forklifts

Forklift Electrical Parts - Forklifts may be specifically labeled for use in dangerous sites. A labeled lift truck indicates the design has met the minimum requirements of ANSI/UL 558 used for engine powered forklifts or ANSI/UL 583 meant for electric trucks for the type of label placed.

The use for labels utilized for lift trucks may be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Consult your local insurance carrier and Fire Marshall for further information regarding the approved uses of industrial powered forklifts in your application.

If the lift truck has been found to meet the outlined criteria, the following labels may be placed. A labeled truck will have the model designation placed on the lift truck nameplate and would have one of the following labels placed.
