

TCM Forklift Parts

TCM Forklift Parts - In the global trade of material handling, lift trucks play an important part for transporting industrial goods. Initially innovated as industrial vehicles during the 1930s in the United States, lift trucks gained popularity following World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these equipment spread globally.

In the year 1949, started by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM began building lift truck manufacturing sites outside of Japan during the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

With over 50 years of accumulated technology and expertise, TCM has been proudly making many models of industrial forklifts, making their models known all around the world. With a strong and energetic staff, TCM has been able to continually work towards becoming a future leading material handling company.
