

Advance-Nilfisk Part

Advance-Nilfisk Parts - Think about how long and tiresome it will actually be to clean-up right after a party, with no assistance from machines. Not too long ago, the dirt from upholstery and carpets had to be beat out of them manually; brooms, brushes and cleaning cloths were the leading cleaning products at the time.

P.A. Fisker, the founder of Nilfisk-Advance, was an electrical engineer who really loved working with electrical motors. Starting the company in the year 1906, he started to make motors to be able to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's vision from the start was to own a global business selling goods worldwide.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and can be operated by a single person. This creation came in a time where various cleaning machines were massive and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and evolved the way we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines offer an excellent solution to an existing crisis; stuff get dirty and need to be cleaned frequently, without too much effort.

Slowly, the company Nilfisk-Advance grew throughout the years. In the early nineteen eighties the company grew fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the trade, trying to be an active worldwide player in making professional cleaning equipment. Nilfisk-Advance is currently found in every part of the globe by steadily acquiring numerous small companies to be able to grow their product selection and presence in new markets. They are really proud to offer various cleaning solutions to suit each need.
